This business radiates from Dress Goods. There are other great stocks, but the several lines, varieties, sorts of Dress Goods unite to make the greatest.

If we cannot keep Dress Goods interesting we ought to go out of busi-ness. But we have never ceased to keep the flame of curiosity burning for Dress Goods news. The following is the fuel of a day.

Novelty bargains after the season are not more desirable than the liquid remains of last evening's ice cream. Therefore, bargains that are to be are bargains now. To-day's offerings hold richness, cheapness and novelty at your service—a three-fold power. It will transfer from us to you lots of

wearing. At \$2-Novelty Etamine, silk ombre stripes. Five color combinations. Reduced from

ADELUSION OF THE PAST. HAVILAND'S again — the Havilands! It is our China man that

The notion that dealing in high-class, exclusive Mer- is irrepressible, not the Havilands, Haviland's Chinaware has not declined chandise is incompatible with selling bargains, or goods below normal value, is antique thought—a relic of opinion. To do that is our mission. To hold it now is to adhere to dead ideas of a dead past.

A business that is comprehensive in the best sense does both in the broadest manner. Collecting the rarest, the newest, the best in perfection and completeness gives many a thrifty soul. the chance for securing the exceptional.

One single power secures the richness of the Merchandise world and the cheapness that comes from trade emergencies.

To-day's Store News is vital with bargain news.

To-day the Store is radiant with the choicest stuffs and things.
